
New Business SK

Posted by waynecz - 2007/10/18 07:28

Hello Everyone!

I just joined this website/forum and am looking forward to hearing and learning from all of you.

I work for a Equipment Supplier who is based out of Manitoba but I come from and work in the great province of SK, you know...The Roughriders!

Anyway, like I said I am enjoying working with the people in this industry very much, it is a nice change to be able to talk to customers who care about their coatings, quality and the enviroment.

Thanks and maybe we will talk soon.
